

13 November on  EastLink

### 35km Recreational Ride

Starting at the Ringwood Bypass, riders head south on this smooth, safe and enclosed course. Take time to soak in the fresh, outdoor air and admire the parklands and funky urban design EastLink is renowned for. Upon reaching the half way point near Police Road in Mulgrave, riders turn around and head back towards Ringwood, passing the Ellipsoidal Freeway Structure art work on the left (think green, blue and white smarties). Trips through both the Melba and Mullum Mullum tunnels ensure this unique experience will be one to remember!

 Railway Station
